

**PUBLIC RCOMMENDED PRICE
PROFESSIONAL MONITOR SHENZHEN LED SMD**

The rates below are indicative, valid for a single order and exclude delivery costs.

REF	Descriptive monitors Professional Range SH	Pre-tax Price
SH-01	SHENZHEN monitor, large format, higt brightness, LED SMD technology, Support size : H 230 x W 110,4 cm Ground support with invisible bolting, Lacquered finish black epoxy, Utilization Outdoor/Indoor Screens dimensions H 102,4 x W 153,6 cm, Diagonal 184,6 cm, 72 inch, Power consumption operating : 410 W/m ² Luminosity >1500 Cd/m ² , Sending card LED display integrated controler, Compatible for poster-size 120/80 Delivered Full pre-finished with avec assembly instructions, Guaranteed product complete parts and labour during 3 years on-site interventions	7 990,00
SH-02	SHENZHEN monitor, large format, higt brightness, LED SMD technology, Support size : H 142 x W 196 cm Wall mount with invisible bolting, Lacquered finish black epoxy, Utilization Indoor Screens dimensions H 115,2 x W 192 cm, Diagonal 223 cm, 88 inch, Power consumption operating : 800 W/m ² Luminosity >1500 Cd/m ² , Sending card LED display integrated controler, Format compatible 16/9th Delivered Full pre-finished with avec assembly instructions, Wall mounting screws not provided, Guaranteed product complete parts and labour during 3 years on-site interventions	22 990,00
SH-03	SHENZHEN monitor, large format, higt brightness, LED SMD technology, Support size : H 181 x W 273 cm Wall mount with invisible bolting, Lacquered finish black epoxy, Utilization Indoor Screens dimensions H 153,6 x W 268,8 cm, Diagonal 310 cm, 122 inch, Power consumption operating : 800 W/m ² Luminosity >1500 Cd/m ² , Sending card LED display integrated controler, Format compatible for format 16/9th, Delivered Full pre-finished with avec assembly instructions, Wall mounting screws not provided, Guaranteed product complete parts and labour during 3 years on-site interventions	34 990,00
SH-04	SHENZHEN monitor, large format, higt brightness, LED SMD technology, Support size : H 234 x W 110 cm Ground support with invisible bolting, Lacquered finish black epoxy, Utilization Indoor Screens dimensions H 204.8 x W 102,4 cm, Diagonal 228 cm, 90 inch, Power consumption operating : 410 W/m ² Luminosity >1500 Cd/m ² , Sending card LED display integrated controler, Delivered Full pre-finished with avec assembly instructions, Guaranteed product complete parts and labour during 3 years on-site interventions	9 990,00
SH-05	SHENZHEN monitor, large format, higt brightness, LED SMD technology, Support size : H 240 x W 213 cm Ground support with invisible bolting, Lacquered finish black epoxy, Utilization Indoor Screens dimensions H 153,6 x W 204,8 cm, Diagonal 256 cm, 100 inch, Power consumption operating : 410 W/m ² Luminosity >1500 Cd/m ² , Sending card LED display integrated controler, Compatible format 4/3 - 16/9th Delivered Full pre-finished with avec assembly instructions, Guaranteed product complete parts and labour during 3 years on-site interventions	13 990,00
SH-06	SHENZHEN monitor, large format, higt brightness, LED SMD technology, Support size : H 285 x W 200 cm Ground support with invisible bolting, Lacquered finish black epoxy, Utilization Indoor Screens dimensions H 256 x W 192 cm, Diagonal 320 cm, 126 inch, Power consumption operating : 550 W/m ² Luminosity >1500 Cd/m ² , Sending card LED display integrated controler, Delivered Full pre-finished with avec assembly instructions, Guaranteed product complete parts and labour during 3 years on-site interventions	17 990,00
SH-07	SHENZHEN monitor, large format, higt brightness, LED SMD technology, Support size : H 221 x W 328 cm Wall mount with invisible bolting, Lacquered finish black epoxy, Utilization Indoor Screens dimensions H 192 x W 320 cm, Diagonal 373 cm, 146 inch, Power consumption operating : 550 W/m ² Luminosity >1500 Cd/m ² , Sending card LED display integrated controler, Format compatible 16/9th Delivered Full pre-finished with avec assembly instructions, Wall mounting screws not provided, Guaranteed product complete parts and labour during 3 years on-site interventions	21 990,00
SH-08	SHENZHEN monitor, large format, higt brightness, LED SMD technology, Support size : H 400 x W 118 cm Fixing with invisible screws on concrete base, Lacquered finish black epoxy, Utilization Outdoor Screens dimensions H 307,2 x W 102,4 cm, Diagonal 323 cm, 127 inch, Power consumption operating : 420 W/m ² Luminosity >6500 Cd/m ² , Sending card LED display integrated controler, Delivered Full pre-finished with avec assembly instructions, Guaranteed product complete parts and labour during 3 years on-site interventions	12 990,00
SH-09	SHENZHEN monitor, large format, higt brightness, LED SMD technology, Support size : H 264 x W 323 cm Wall mount with invisible bolting, Lacquered finish black epoxy, Utilization Outdoor Screens dimensions H 230.4 x W 307.2 cm, Diagonal 383 cm, 150 inch, Power consumption operating : 420 W/m ² Luminosity >6500 Cd/m ² , Sending card LED display integrated controler, Format compatible 4/3 - 16/9th Delivered Full pre-finished with avec assembly instructions, Wall mounting screws not provided, Guaranteed product complete parts and labour during 3 years on-site interventions	24 990,00
